Kazoku Kai International

Visit to Sri Lanka 2005

From the 20th-30th April chief instructor of Kazokukai International sensei Derek Ridgeway traveled to Sri Lanka to teach and to see how the money was being spent for the members who had suffered from the effects of the tsunami. Sensei Derek also had the task of meeting and interviewing all the members' families that had lost their homes and were now homeless because of the tsunami. With the fantastic help of Walsall housing group we hope to rebuild eight homes for our members in Sri Lanka. You can see

the families we are helping in the pictures.

While there sensei Derek taught at two camps with over 100 students training on each of them. The training went really well with sensei Derek concentrating mainly on karate principles and good kihon or basic technique.

Sensei Derek would like to thank all the members of Kazokukai Sri Lanka for looking after both himself and Maurice so well. Special thanks go to sensei Toun Hasim senior instructor for Kazokukai Sri Lanka and saman general secretary of kazokukai Sri Lanka.

They both looked after

us so well and we thank them very much for their hospitality.

We are organizing our next trip to Sri Lanka in October 07 all are welcome to come and see this beautiful country and to train with the students of Kazokukai Sri Lanka. Watch the website for details of the trip.
